DREAM – DESIGN – DELIVER

## CONGRATULATIONS TO THE M189 PROJECT TEAM!

We are proud to congratulate the team behind the “Disposal of Sludge and Overhauling of Crude Oil Tanks T-290TF and T-440TF” at Mubarratz Island for receiving a Prestigious Certificate from Abu Dhabi Oil Company (ADOC) LTD – Japan.

This award recognizes the team’s outstanding performance and contribution to improving health, safety, and environmental standards at the workplace through the effective implementation of the Project HSE Management System.

Thank you to everyone involved for your dedication and teamwork. Your efforts truly made a difference.

## NEW DOCUMENT NUMBERING PROCEDURE IMPLEMENTED

As part of our ongoing Quality Management System improvement program, we are pleased to announce the rollout of a new Document Numbering Procedure (Doc. No.: DT-QMS-OP-001A).

This initiative introduces a more structured and consistent approach to document control across all departments. All relevant team members are kindly requested to familiarize themselves with the procedure and ensure full compliance moving forward.

## WORLD DAY FOR SAFETY AND HEALTH AT WORK – 28 APRIL 2025

On 28th April 2025, we observed World Day for Safety and Health at Work, a global initiative promoting workplace safety and well-being. This year’s theme was:

“Revolutionizing Health and Safety: The Role of AI and Digitalization at Work.”

Thank you to everyone for continuing to uphold a strong safety culture and helping make Dhafir Technologies a safe and inspiring workplace.
